Credit by Examination

Students may be granted credit for a course by demonstrating content mastery of the course to the Instructor and Academic Dean. The evaluation of such credit is by a combination of oral, written, and performance testing. There is a \$35 non-refundable fee for testing out of a course, which must be paid to the Business Office before the date of the examination. No grade will be issued by the Instructor but credit will appear on the student's transcript with the notation that the student has demonstrated proficiency in the course through test-out procedures. No student may test out of more than 2 courses per semester. Application for credit must be made by the end of the add/drop period each semester.
